Jail and Prison Cashless Vending Systems

MICROTRONIC participated with Coca-Cola and the International Olympic Committee it supply all the athletes with free drinks!

MICROTRONIC US

cashless systems

Loading Station and Card Dispenser

These are typically placed in the registration area for Visitor Vending. A card is purchased, loaded with the option of Cash only or our Credit Card reader can be added (cellular signal), then only the card can be carried in to visit and use at the vending machines.

Inmate Vending can be done in a variety of ways. We offer full Inmate Trust Account Integration with Inmate Kiosks and Visitor Kiosks.

Our list of references include:

- Integration with Time/Attendance Clock
- Cash Registers
- Kiosks

Card • Tag • Wristband • Sticker

As a pioneer of integrated business solutions, **MICROTRONIC** deployed multi-functional
Prepaid cashless vending systems more than 30 years ago.

The system is based on a "Smart Chip" inside which holds the memory of the user
and their money.

MICROTRONIC US utilizes Mifare which is the most widely installed "Smart Card" technology for closed environments.
More than 2 billion smart cards and more than 5 million reader components are in use globally. **MICROTRONIC US**
has a huge worldwide customer base using the existing **MICROTRONIC** Mifare solution which is especially designed
for in-house vending. Mifare conforms to the international ISO 14443 RFID standards and **MICROTRONIC** adds addi-
tional layers of security to make our system the most robust in the industry today.

Benefits . . .

- ◆ Compact, yet robust design - all Contactless - No moving parts!
- ◆ Multiple integration into all aspects of any prison or jail, large or small.
- ◆ Wider variety of end user media to choose from.
- ◆ Each media can have 4 different price points.
- ◆ Fewer service calls due to less work by changer and bill validator.
- ◆ Cashless vends are much faster which means shorter lines.
- ◆ Cashless vends are still active when change machines go down.
- ◆ Less inventory in Change machines or no Change machines.
- ◆ Antenna can have "wings" to hold the card or no wings.
- ◆ Funds can be returned through our Lobby Kiosk for visitors
